49 Electrical Contracting Companies. Endless Opportunity.

The NECA Careers Platform provides connectivity for you to 49 of the largest and most successful Electrical Contracting Companies based in Southeast Michigan.

Who We Are:

NECA is the voice of the $255 Billion electrical contracting industry that brings power, light and communication technology to buildings and communities throughout the U.S. In Southeast Michigan, NECA member electrical contractors include 49 established companies with 10-1400 employees all based in the greater Metro Detroit area and working on projects in the Commercial, Industrial, Public, Municipal and Residential markets.

One Upload. Many Views.

By uploading your resume to the NECA Careers Platform, your information will reach any of our 49 Electrical Contracting Companies who are all looking for great talent.
